Inquiry here confirms the story coming from Lima to the effect that the State Department has lodged a demand with the United States charge of legation at Lima for the release of the mate of the American bark "Uncle John." He was ashore on December 19 last at Callao, and was arrested because of his constant demand for "Ratner Beer." On tap or in bottles at the Criterion Saloon.

Possible Decay of the French Cuisine.

The tendency in all the French restaurants of the present day is to prepare meals for their chance customers who may happen in at any time of the day. Meals are eaten in a greater hurry than formerly, even in France, where it used to be the habit during the fiercest revolutionary and communistic struggles when the time of dejeuner came for each side to stop fighting for an hour or so and devote themselves to the midday meal. The hurry and anxiety of modern life are slowly destroying whatever was distinctive in French cooking, which cannot be properly done in haste or when food is required in very large quantities.

The development of club life is partly responsible for this, and the latter is only another sign of the deep lying social problems which confront modern existence at every step. Men in fashionable society dine more frequently at the club than they do at their own homes. Fewer people marry than formerly. Home life is decreasing and club life increasing. Hence the last refuge of the Parisian chef is at the fashionable clubhouses, which are now counted by the score, and most of which set very good tables. — Chautauquan.

Rattlesnakes, Butterflies, and . . . ?

Washington Irving said, he supposed a certain hill was called "Rattlesnake Hill" because it abounded in butterflies. The "rule of contrary" governs other names. Some bottles are, supposedly, labeled "Sarsaparilla" because they are full of . . . well, we don't know what they are full of, but we know it's not sarsaparilla; except, perhaps, enough for a flavor. There's only one make of sarsaparilla that can be relied on to be all it claims. It's Ayer's. It has no secret to keep. Its formula is open to all physicians. This formula was examined by the Medical Committee at the World's Fair with the result that while every other make of sarsaparilla was excluded from the Fair, Ayer's Sarsaparilla was admitted and honored by awards. It was admitted because it was the best sarsaparilla. It received the medal as the best. No other sarsaparilla has been so tested or so honored. Good motto for the family as well as the Fair: Admit the best, exclude the rest.

Any doubt about it? Send for the "Curebook."

It kills doubts and cures doubters.
